#### **Institutional set-up for liquidity risk management**

The Board of Directors of the Company has constituted the Asset-Liability Committee to monitor and manage liquidity risk inter-alia by way of monitoring the asset-liability composition, reviewing the liquidity and borrowing program of the Company, to evaluate and arrive at desirable maturity profiles for assets and liabilities based on anticipated funding needs, loan demands and liquidity position.

Asset Liability Management & Liquidity Risk Management Policy and Investment Policy, is to ensure that funding is available to meet all market related stress situations. We endeavor to maintain a conservative Asset-Liability Management approach which is focused on maintaining long term funding stability.

The Company also has a Group Risk Management Committee which reports to the Board and is responsible for evaluating the overall risks faced by the Company including liquidity risks.

The Asset-Liability Committee meetings are held once in a quarter and the committee submits its report to the board on a quarterly basis.

#### **Notes:**

1. 'Significant counterparty' is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the company's total liabilities.
2. Total Liabilities has been computed as sum of all liabilities (Balance Sheet figure) less Equity Share Capital & other equity.
3. 'Public funds' is as defined in Master Direction - Core Investment Companies (Reserve Bank) Directions, 2025.
